

Internship – Controlling Dashboard Development (m/f/d)

Lousado | C-ITA | Vila Nova de Famalicão | Portugal

OUR COMPANY

As one of the leading automotive suppliers worldwide, we develop solutions to fulfill people's dreams of mobility daily. Driver safety, sustainability, and industrialization of future technology are just some of our key fields where we already make a meaningful difference in the every-day life of people. Knowing our technology helps to make the world a better and safer place is what drives us.

JOB DESCRIPTION

We are offering a 4-month internship at **Continental – Indústria Têxtil do Ave**, within our **Production Department**. The selected student will work closely with our **Industry 4.0 Lead**, receiving guidance and support throughout the project.

The main goal of this internship is **to develop a Controlling Forecast Dashboard in Power BI**, designed to monitor various financial KPIs from the Controlling Department. From **data processing to the creation of statistical visualizations**, the intern will gain hands-on understanding of some of the financial cost calculations carried out at Continental, as well as insight into how an industrial tool is developed, from the initial brainstorming phase to final implementation.

This is a great opportunity for students looking to **combine analytical, technical, and financial skills** in a real-world industrial setting and to gain professional experience in one of the world's leading tire manufacturing companies.

QUALIFICATIONS

- > Currently studying Industrial Engineering or Mechanical Engineering.
- > Programming Capabilities in Power BI.
- > Controlling knowledge to build a forecast dashboard for monitorization is a plus.
- > Ability to create a clear and attractive dashboards through effective visual management.
- > Team spirit to integrate the Production Department.
- > Opening for a part-time opportunity, with at least 16 hours per week.
- > Excellent English language skills (written and spoken): minimum B2 European level.

WHAT WE OFFER

Work in a multi-cultural, international environment with global networking opportunities. We offer free access to the on-site canteen and a compensation package.

APPLY NOW
